

40-foot site container energy storage cabin

Overview

What is a 40ft container home?

Our 40ft container homes give you room to stretch out without selling your soul to a mortgage. Built from battle-tested steel and ready for anything, these units are perfect for full-time living, rentals, or off-grid escapes. If you want big energy in a bold package, this is it. "The Porter" is a wonderful addition to our premier line.

What is a 40 ft container home with solar panels?

The 40' Off Grid Container Home with Solar Panels is designed to be versatile and customizable. You can use it as a cozy home, a vacation home, a backyard office, or anything in between. Its modular design allows you to add more containers to expand your living space. The home also has large windows to provide ample natural light and ventilation.

What is a 40' off grid container home with solar panels?

The solar panels provide power for your lighting, appliances, and heating needs. You can also collect rainwater for your needs, which makes this home an ideal choice for those who want to live sustainably and self-sufficiently. Learn more about the specs of your 40' off grid container home with solar panels below:.

Why should you buy a 40ft container home?

You get the durability of industrial-grade construction with the comfort of modern design. Compared to stick-built homes or bloated rent prices, a 40ft container home puts you in control. It's more affordable than you think, easier to customize than most homes, and ready to be placed almost anywhere. Rural, urban, or off the grid — it fits.

What is the largest transportable single 40ft container cabin possible?

This is the largest transportable single 40FT container cabin possible. We use

a 40ft shipping container which is 12m x 2.4m and the cabin opens up to 7.2m wide with the double retractable balcony modules. This totals approximately 80SQM of total floor space.

What is the best 40 foot container home build?

The Joshua model is our most advanced, feature filled 40 foot container home build to date. The Alpine model is our most popular and flexible open concept floor plan so you can turn the space into. If you find yourself with specific needs that don't fit into one of our standard commercial & industrial container applications.
