

6kw external discharge plus inverter

Overview

What is s6-eh1p(3-6)k-l-EU series energy storage inverter?

S6-EH1P (3-6)K-L-EU series energy storage inverter is designed for residential PV energy storage system. Maximum 5kW backup power supports more critical loads. Backup switching time is less than 10 ms, seamless power switching. Support 125A/6kW Charge and discharge capacity, provide higher energy throughput density.

What is lxp6k hybrid inverter?

With extensive certifications, it's a versatile powerhouse that complies with electrical regulations. LXP6K Hybrid Inverter – the powerhouse for your energy needs. This innovative inverter allows PV and AC to share the load jointly, features a wide PV input voltage range, and accommodates both single-phase and unbalanced 3-phase configurations.

What is a hybrid inverter?

Ideal for residential and light commercial applications, this hybrid inverter enhances the self-consumption of solar energy, enabling you to achieve greater energy independence and reduce reliance on the grid. During the day, the PV system generates electricity which will be provided to the loads initially.

6kw external discharge plus inverter

[GivEnergy Hybrid Inverter Range](#)

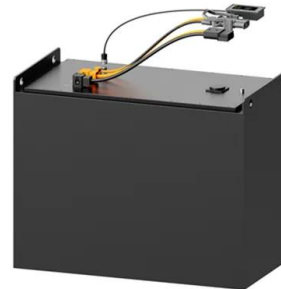

A hybrid inverter will help you get the most from your system. It will convert incoming DC energy from solar into AC for the home, while also sending any ...
