

ASEAN lithium battery pack manufacturers

Overview

Companies like CATL, EVE Energy, and Gotion High-Tech have launched multi-billion dollar projects in Indonesia, Thailand, and Vietnam, focusing on EV batteries and energy storage systems. How big is the Southeast Asia lithium-ion battery market?

The market size and forecasts for the Southeast Asia lithium-ion battery market in revenue (USD Billion) for all the above segments. The Southeast Asia Lithium-ion Battery Market is expected to register a CAGR of 15% during the forecast period.

Is Vietnam a leader in Southeast Asia's lithium-ion battery market?

Vietnam has established itself as the dominant force in Southeast Asia's lithium-ion battery market, commanding approximately 64% of the regional market share in 2024. The country's strategic advantage stems from its abundant high-quality nickel reserves, which have become increasingly attractive to international mining companies.

How competitive is the ASEAN battery market?

The ASEAN battery market is highly competitive, with a mix of domestic and international manufacturers. Companies such as GS Yuasa, Panasonic, and Samsung SDI dominate the lithium-ion segment, while local firms like PINACO in Vietnam and Amalgamated Batteries in Malaysia maintain strong positions in the lead-acid sector.

Why is Thailand a key player in the lithium-ion battery market?

As the global shift toward clean energy accelerates, Thailand is emerging as a key player in the lithium-ion battery market, driven by its strategic position in Southeast Asia's electric vehicle (EV) and renewable energy boom.

Who manufactures lithium-ion batteries in Malaysia?

Leading international players such as GS Yuasa, JYC Battery, and FIAMM

operate in Malaysia, while domestic companies like Amalgamated Batteries Manufacturing (ABM) and Yokohama Batteries compete in the local market. As global demand for lithium-ion batteries rises, foreign manufacturers are expanding their production capabilities in Malaysia.

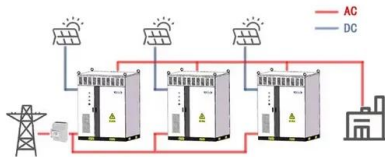

Which countries produce the most battery in ASEAN?

Battery production in ASEAN has steadily grown over the past five years. Lithium-ion battery output is expanding to meet EV and electronics demand. Vietnam and Indonesia use nickel reserves to attract foreign investment. Lead-acid battery exports from Thailand and Malaysia remain strong.

ASEAN lithium battery pack manufacturers

WORKING PRINCIPLE

[ASEAN Countries Electric Vehicle Battery ...](#)

Thailand is expected to grow significantly owing to the increasing investment in EV battery manufacturing in the country. Lithium-ion battery ...
