

Are Montenegro s 5G base stations shared by telecom operators

Overview

Does Montenegro have 5G?

M:tel launched its first 5G base station, located in the capital Podgorica, in July 2022. Montenegro, with a population of around 630,000, has mobile services provided by three operators - M:tel, Crnogorski Telekom, controlled by Croatia's Hrvatski Telekom, and One Crna Gora, part of Hungary's 4iG.

Will Montenegro activate 5G by 2024?

Major operators are obliged to activate 5G in every municipality in Montenegro by the end of 2024. Montenegro's telecoms regulator EKIP (Agency for Electronic Communications and Postal Services) has revealed that all of the country's major operators have snapped up 5G spectrum.

Will Montenegro launch a 5G strategy in 2020?

As of 2020, there is no public information regarding national strategies for Montenegro's 5G development. However, EKIP is set to launch a 5G roadmap with national strategies and goals by the end of 2020, with an eye on holding spectrum auctions for assigning radio frequencies in the second half of 2021.

How many mobile phone subscribers are there in Montenegro?

At the end of 2023, the number of mobile phone subscribers in Montenegro was up 3.1% year-on-year to 1,312,960, as M:tel had a 36.7% share of total, followed by Crnogorski Telekom with 36.4% and One with 26.9%. Your complete guide to the emerging economies of Southeast Europe.

Who won the 5G auction - Mtel & Crnogorski Telekom & one Montenegro?

Crnogorski Telekom (CT), MTEL, and One Montenegro all secured spectrum in the 700MHz and 3.6GHz bands during the 5G auction held last month, reports Comms Update. In total, the operators have splashed out a combined \$9.4 million during the auction, with CT being the most successful bidder.

Which mobile network operators secure spectrum in multi-band auction in Montenegro?

Three mobile network operators (MNOs) secure spectrum in multi-band auction in Montenegro: Crnogorski Telekom (T-Mobile Montenegro), M:tel, and Telenor Montenegro.
