

Bulgarian energy storage mobile power manufacturer

Overview

The manufacturing of the fully-integrated battery energy storage system (BESS) – Exeron (X-BESS) by Bulgaria-based International Power Supply (IPS) was on Tuesday officially awarded a strategic project status under the Net-Zero Industry Act Regulation (EU), which aims to boost the production capacity of net-zero technologies within the European Union (EU). What is the largest battery storage system in Bulgaria?

EU's largest battery storage system inaugurated in Bulgaria, ceenergynews. Largest battery storage system in Balkans commissioned in Bulgaria, Balkan Green Energy News. Bulgaria opens EU's largest battery energy storage facility, bne IntelliNews. Bulgaria inaugurates 496 MWh battery system – pv magazine International, pv magazine International.

How many battery containers are there in Bulgaria?

The facility consists of 111 battery containers and was developed by Advance Green Energy. It aims to stabilize the energy grid and ensure price predictability for consumers. The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year.

Will Bulgaria achieve 10 GWh of battery storage capacity by next year?

The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year. The newly inaugurated battery storage system is strategically located next to a photovoltaic park within the Balkan Industrial Park in Lovech.
