

Cyprus Solar Panel Factory in 2025

Overview

How many solar panels did Cyprus install in 2024?

In 2024, Cyprus installed 159 MW of new solar capacity, of which 100 MW were self-consumption units. The government has also signaled plans to abolish net metering from Aug. 1 and possibly introduce net billing, but the sector is still waiting for an official announcement.

How much solar energy has been curtailed in Cyprus in 2025?

In the first five months of 2025, Cyprus' grid operators curtailed 19,850 MWh of solar from residential and small commercial PV systems – about 14% of total curtailed energy during that period, Procopiou told pv magazine.

What is the future of solar power in Cyprus?

Solar photovoltaic (PV) power has already attained prominence, with installed capacity in 2030 expected to reach between 500 megawatts (MW) and 1,000 MW, depending on the scenario. The roadmap also indicates that deployment of renewables could greatly reduce energy import dependence while lowering the cost of electricity generation in Cyprus.

Where can I get solar panels in Cyprus?

Flux Energy, based in Limassol, is your go-to for energy solutions in. Cyprus Solar panels lists local companies specializing in solar panel, solar systems installation and Photovoltaic Solar Panels in Cyprus. Solar panels are used in Cyprus more than in any other country in Europe due to the year-round sunshine the island has.

Why is solar curtailment increasing in Cyprus?

The increase in residential solar curtailment comes as Cyprus' self-consumption programs – net metering and net billing – contribute a large share of newly added PV capacity. In 2024, Cyprus installed 159 MW of new solar capacity, of which 100 MW were self-consumption units.

Is Cyprus reducing solar power?

In contrast, Cyprus curtailed 29% of its generated renewable energy in 2024, up from 13.4% in 2023 and 3.3% in 2022. Also notable, said Dr. Andreas Procopiou, founder of CyprusGrid, is that Cyprus is curtailing a record volume of solar power from residential PV units this year.
