

Democratic Republic of Congo lithium battery pack import tariff rate

Overview

All imports worth more than \$2,500 are subject to a 2 percent (ad valorem) tax, a fee of \$5 per ton of goods, and a sliding scale for imports valued at less than \$2,500. A little fee is required from duty-free importers for internal usage and consumption. How to import goods into the Democratic Republic of the Congo (DRC)?

Importing goods into the Democratic Republic of the Congo (DRC) necessitates a clear understanding of the required documentation to ensure compliance with local regulations. Among the crucial documents for import activities are the import license, commercial invoice, bill of lading, and certificate of origin.

Are goods exempt from customs duties in the Democratic Republic of the Congo?

The Democratic Republic of the Congo (DRC) has established specific regulations that outline exemptions from customs duties, allowing certain goods and scenarios to be exempt from standard import taxation.

Can I import a lithium-ion battery?

However, there may be additional import tax and minimum threshold rules for this item. Please use our Landed Cost Calculator to get a full breakdown of the import duty, sales tax and any additional import charges payable on your import. You can also use our HS Lookup tool to get the full length HS code for your lithium-ion battery.

When did the DRC adopt a Harmonized Tariff classification system?

The DRC adopted a harmonized system of tariff classification in 1998. With the decree n°DGDA/DG/DGA.T/dg/2011/005 of 2011 relating to the value added tax on imports and a new sanitation tax to be administered by the DGDA, the customs tariff in the DRC increased considerably beyond the 12 percent estimated by the World Trade Organization in 2008.

What are customs duties in the Democratic Republic of the Congo?

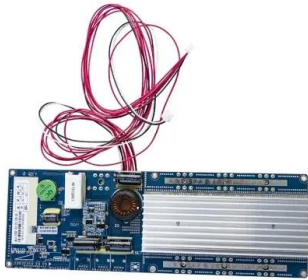

Customs duties are tariffs imposed by a government on goods imported into or exported from a country. In the context of the Democratic Republic of the Congo (DRC), customs duties play a crucial role in regulating international trade, which is essential for the country's economic development.

What is the DRC's external tariff?

The DRC's external tariff is based on a 1949 decree that was implemented by law in 1950 (Note: The DRC gained independence from Belgium in 1960). It has not been substantially amended since that time. The DRC adopted a harmonized system of tariff classification in 1998.
