

German lithium battery pack custom processing

Overview

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Who makes lithium ion battery packs?

Our lithium ion battery pack manufacturing team can design and assemble prototypes, small production runs as well as large scale mass production. AceOn predominantly build Lithium Ion 18650 battery packs, using well known 18650 Li-ion cell manufacturers such as Samsung, LG Chem, Panasonic and Sanyo.

Why is Germany a leader in the lithium battery industry?

Germany, with its exceptional engineering technology, stringent quality management, and strong innovative capabilities, holds a significant position in the global lithium battery industry.

Do you assemble rechargeable lithium batteries?

We develop and manufacture customised packs - inclusive: In addition to NiMH and NiCd-We do not assemble cells either- rechargeable lithium battery packs. We take care of the certified and professional disposal of all types of batteries. In most cases, the raw materials can even be completely recycled.

What makes CMB a great battery pack company?

CMB boasts a highly skilled and experienced custom battery pack engineering team led by a CTO with over 15 years of experience in lithium-ion battery technology with industry giants CATL, BYD, and BAK. Our team of 5 specialized engineers brings diverse skills in design, manufacturing, testing, and quality control.

What is a custom LiFePO4 battery pack?

Our custom LiFePO4 battery packs are made in cylindrical and prismatic formats. LiPo batteries allow for greater flexibility and ensure the perfect fit for vehicles, machinery, and other various devices with unusual dimensions and weight requirements. Why Choose CMB As Your Custom Battery Pack Manufacturer

German lithium battery pack custom processing

<u>Custom Lithium Battery Pack Solutions for Your Needs</u>

Experience precision-engineered custom lithium battery pack solutions designed to meet your unique power requirements. Discover solution now.

Email Contact

<u>Kundenspezifische Herstellung von Lithium-Batteriepaketen</u>

In this comprehensive technical guide, I'll share an in-depth look at our end-to-end custom lithium battery pack manufacturing process.

Trion(TM) Battery Technologies

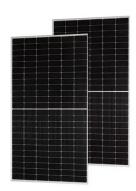

Your new high-performance lithium-ion battery, developed and manufactured in Germany. Thanks to state-of-the-art cell-to-pack production, we offer up to 10 ...
