

Germany s largest energy storage power station

Overview

In June, the Bollingstedt Energy Storage Station in Germany officially went online, becoming the country's largest energy storage project to date.

Germany s largest energy storage power station

[RWE starts construction of large-scale battery storage project at ...](#)

RWE has begun construction of one of Germany's largest battery storage facilities at its power plant locations in Neurath and Hamm. The facility will have a capacity of 220 ...
