

# How much is the subsidy for energy storage batteries in Argentina

#### **Overview**

To ensure financial viability, CAMMESA has outlined a two-tiered compensation structure: developers will receive a fixed payment of \$10 per megawatt-hour (MWh) of energy delivered, while capacity will be compensated at a maximum rate of \$15,000 per megawatt (MW) per month. Does Argentina have a battery energy storage system?

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program.

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500 MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations—reaching a combined 1,347 MW.

Does Argentina have a battery storage tender?

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, managed by CAMMESA, offers long-term contracts with fixed payments and financial guarantees to attract developers.

Does South Australia provide a subsidy for battery storage?

The South Australian Government provides a subsidy for the cost of battery storage and offers low interest finance. More information can be found through the link below. South Australia Home Battery Scheme.

Is Buenos Aires a good place to buy a battery?

Buenos Aires, with its dense urban load and aging infrastructure, is an ideal candidate for such an upgrade. Moreover, this tender arrives at a time when battery prices are becoming increasingly competitive, and international developers are actively seeking new markets with clear regulatory frameworks

and stable revenue models.

Why is Argentina a good stance on energy storage?

In Argentina, the stance provides a good lesson to the European stakeholders, especially in the commercial and industrial segments of energy storage. Emerging markets can present both local and foreign players by developing tenders that are investment appropriate and clear technically and financially secured.

### How much is the subsidy for energy storage batteries in Argentina

## Argentina advances 500 MW energy storage tender with US\$500 ...

Argentina's Wholesale Electricity Market Administrator (CAMMESA) has published the contract template for the "AlmaGBA Storage" tender, which aims to add up to 500 MW of ...
