

Huawei Industrial Power Energy Storage Project

Overview

As a cornerstone of SaudiVision2030, the Red Sea project now stands as the world's largest microgrid energystorage project, with a storage capacity of 1.3GWh. Utilizing Huawei's Smart String ESS solution, this groundbreaking project is redefining renewable energy infrastructure.

Huawei Industrial Power Energy Storage Project

<u>How is Huawei's energy storage project progressing?</u>

Huawei's energy storage project is advancing significantly, with distinct milestones achieved in 2023, expanding its global influence in renewable energy solutions, increasing ...
