

# Huawei builds solar panel project

### **Overview**

The project, considered the world's largest solar-storage project, will install 3.5GW of solar photovoltaic capacity and a 4.5GWh battery storage system. The project has commenced in November 2024.

### Huawei builds solar panel project

#### <u>Huawei FusionSolar builds Red Sea Project,</u> world's first city ...

Huawei has been instrumental in this sustainable initiative, constructing the largest photovoltaicenergy storage microgrid station in the world station, featuring an impressive 400MW solar PV ...
