

Intelligent Power Module Three-Phase Inverter

Overview

High voltage power modules with integrated gate drivers for consumer, industrial and automotive applications. Offering a large range of 3 Phase inverter modules covering power levels from 50 W to 10 kW. Available in different topologies including PFC and input bridge rectifier.

Intelligent Power Module Three-Phase Inverter

<u>IPM Ref Design for Inverters Using Single-Package Six ...</u>

This reference design realizes a three-phase inverter subsystem for AC inverter drives and servo drives using an intelligent power module (IPM). Reinforced isolation is present between the ...

10A 1200V 3-phase inverter IPM

New SLLIMM high power IPM extends voltage levels to 3-phase mains-powered motor drives with simplified design and reduced BOM. This new intelligent power module is part of the high

DRV7308 Three Phase 650V, 5A, GaN Intelligent Power ...

The DRV7308 is a three-phase intelligent power module (IPM) that consists of 205m?, 650V e-mode Gallium-Nitride (GaN) for driving three-phase BLDC/ PMSM motors up to 450V DC rails.
