

Inverter 12v output 6500 watts

Overview

What is a champion power equipment 6500 watt inverter generator?

Full content visible, double tap to read brief content. The Champion Power Equipment 6500-Watt Inverter Generator with CO Shield® is the perfect combination of power and portability, making it ideal for camping, tailgating, powering your RV, or providing reliable backup power for your home essentials.

How many watts does an inverter generator have?

With 6500 starting watts and 5000 running watts, this inverter generator delivers dependable power for a wide range of applications. A full fuel tank provides an impressive run time of up to 15 hours at 25% load, keeping your equipment powered longer so you can focus on what's important.

How much noise does an inverter generator make?

This inverter generator has a somewhat average expected noise for its type and power range, rated at 64 dBA. If you are concerned with noise, check out the Honda EU7000iS, which is one of the least noisy generators in its power range, with a noise rating of just 52 dBA.
