

Kosovo Residential Solar Photovoltaic System

Overview

Kosovo is transitioning to solar energy with key projects such as the 'Kosovo's 100 MW Solar Auction' in Kramovik, alongside incentives for small-scale photovoltaic (PV) installations up to 7 kW. These efforts aim to amplify solar energy capacity to 100 MW by 2031.

Kosovo Residential Solar Photovoltaic System

Kosovo Approves 107MW of New PV Projects

2 days ago· Last week, the Energy Regulatory Office (ERO) of Kosovo announced in a notice that it has issued construction permits for three photovoltaic projects with a total installed ...
