

Mauritius outdoor power supply specifications

Overview

What type of power plug is used in Mauritius?

In Mauritius, power plugs and sockets (outlets) of type C and type G are used. The standard voltage is 230 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.

What type of power socket is used in Mauritius?

The power sockets in Mauritius are of type C and G. The standard voltage is 230 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter in Mauritius.

What type of outlet does Mauritius use?

Mauritius uses outlet types C, G at a voltage of 230V and a frequency of 50 Hz. Plug Compatibility: Type C, Type G Voltage: 230V Frequency: 50 Hz Can North Americans use Electronics in Mauritius without an Adapter?

No! North Americans will need an adapter for the outlets and a transformer for the voltage when traveling to Mauritius.

What does a travel plug adapter look like in Mauritius?

When you are going on a trip to Mauritius, be sure to pack the appropriate travel plug adapter that fits the local sockets. But what do those electrical outlets look like?

Mauritius uses the same system (type G) as in the United Kingdom (a legacy of its past as a British colony), but it also uses the French type C / E plug and socket system.

Do I need a travel adapter in Mauritius?

If you're not sure whether the outlets and plugs used in your country are the same as in Mauritius, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz.

Can I use electronic devices in Mauritius?

Before you travel, check the information below to make sure your electronic devices are compatible with the outlet type and voltage. Mauritius uses outlet types C, G at a voltage of 230V and a frequency of 50 Hz. Plug Compatibility: Type C, Type G Voltage: 230V Frequency: 50 Hz Can North Americans use Electronics in Mauritius without an Adapter?
