

Namibian Solar Energy Storage Products Company

Overview

Since inception in 2015, now close to a decade of experience in the renewable energy sector, NESS always stood for quality and reliable photovoltaic energy systems, regardless of size and the project's geographic location - This includes off-grid solar energy systems, grid-tied, hybrid, water pumping, water heating systems as well as tailor made backup power systems (uninterruptible power suppliers).

Namibian Solar Energy Storage Products Company

Our Services
