

Nepal lithium iron phosphate battery station cabinet

Overview

Why should you choose NPP New Energy for lithium iron phosphate batteries?

NPP New Energy technical team has rich experience technical support for Lithium iron phosphate batteries. From the battery's incoming material, production, shipment, service, and other links are strictly controlled, Custom Lithium iron phosphate battery packs comply with ISO9001, ISO14001, CE standard, and other international certifications.

What are NPP lithium batteries used for?

NPP Lithium batteries are commonly used in UPS Backup, Marine, Telecom, Electric vehicles, Golf Cart applications, Outdoor power supply, PV energy storage, etc.

What is a wall or floor-mounted lithium battery pack?

Wall or floor-mounted lithium battery packs feature an advanced Battery Management System (BMS) that elevates system efficiency and extends the battery's lifespan while prioritizing safety. A portable and replaceble power supply battery is useful and essential for electric appliance when outdoor camping, self-driving travel or emergency situation.
