

Northern Cyprus Photovoltaic Panel Agent Price

Overview

What is a commercial photovoltaic system in Cyprus?

Commercial photovoltaic systems in Cyprus are usually used by businesses for self-consumption. That is, the energy generated by the solar panels is solely used for the building where the panels are installed.

Where can photovoltaic panels be installed in Cyprus?

Photovoltaic systems can be installed on flat and inclined roofs and on the ground. Our team can visit the place where you want the solar panels to be installed, evaluate the amount of space, sun exposure and possible shading and suggest the best place so that you make the most out of your photovoltaic panels in Cyprus.

What kind of solar panels do you offer in Cyprus?

JPB Energy offers two types of solar panels: Bifacial and non-Bifacial. Bifacial panels have the advantage of producing electricity from both sides. We recommend these panels. Please note that JPB Solar Energy Cyprus is limited to offering solar panels that cover up to 90% of your annual electricity consumption.

Does Cyprus support photovoltaic systems?

The government of Cyprus, along with the RES and Energy Conservation Fund, offers support schemes for the installation of photovoltaic systems. This is because solar power is considered to be the future of energy and promoting the use of renewable energy sources is a priority.

Who is eligible for a photovoltaic system in Cyprus?

Anyone with Cyprus permanent residency is eligible for a photovoltaic system in Cyprus, given that the property they want the panels to be installed on is interconnected with the EAC network and it was built according to the regulations of the Department of Town Planning and Housing.

What is the maximum power of a net-billing photovoltaic system in Cyprus?

The maximum power of a Net-Billing photovoltaic system in Cyprus is 8 MW. It is an extremely beneficial scheme which helps people make a profit by generating and using Renewable Energy Sources. Read more Commercial photovoltaic systems in Cyprus are usually used by businesses for self-consumption.
