

Overseas Energy Storage Battery Cabin

Overview

What is cornex's new energy storage battery?

Cornex showcased key products such as the 5MWh battery prefabricated cabin CORNEX M5, the long π 314Ah ultra-long cycle life energy storage battery, and the super-capacity 625Ah dedicated energy storage battery, all of which garnered significant attention from attendees.

What is a 314ah energy storage system?

It is equipped with 314Ah cells, achieving a high balance between cost and system capacity. The system design meets the industry's strictest standards, including GB/T 36276, IEC 62619, and UL 9540A, ensuring safety for various energy storage stations.

Does cornex have a 5MWh energy storage system?

With the 5MWh energy storage system product, Cornex has taken solid steps in the overseas market. Moving forward, Cornex will further deepen its overseas market efforts, develop higher-quality energy storage products, and showcase Chinese strength in the global energy storage market.
