

Qatar Communications 5G Base Station Distribution Progress

Overview

Why is 5G available in Qatar?

A desire to rapidly transition their customer bases to 5G has boosted 5G Availability in the market, and has helped Qatar climb to second place in Ookla's Speedtest Global Index™as of July 2022. Beyond faster speeds, consumers are paying less and have access to unlimited 5G tariffs.

How will Qatar's 5G network investment impact the FIFA World CupTM?

Strong 5G network investment in Qatar, as both operators seek to gain the upper hand, with all eyes on the up-coming FIFA World Cup^{TM} . This major event gives both operators a chance to demonstrate the capabilities and resilience of their 5G networks to a global audience.

What is Qatar's 5G spectrum plan?

This was updated in May 2022 to plan the allocation to both operators of additional spectrum in the C-band as well as high frequency (26 GHz) spectrum by 2023, while their license obligations require their 5G networks to cover 99% of Qatar with minimum download speeds of 100 Mbps by 2024.

How many mobile customers does Qatar have?

The Company commenced commercial operations in 2009 and has 2.1 million mobile customers as of 31 March 2025. Its state-of-the-art network infrastructure is expanding to cover key locations in the country with fibre connectivity and 5G, along with an extensive digital ecosystem, which will contribute to Qatar's continued growth and prosperity.

Is Qatar a challenging market for Vodafone Group?

Qatar has been a challenging market for Vodafone Group. Vodafone Qatar launched in 2009 as the second mobile network operator in the country.

When will the 5G network investment in China start?

A large part of 5G network investment in the country is targeted at the upcoming FIFA World Cup, scheduled to take place in November and December 2022.

Qatar Communications 5G Base Station Distribution Progress

ANACOM

Since the launch of the commercial offer of 5th generation mobile networks and the installation of the first base stations in Portugal at the end of 2021, ANACOM has been reporting quarterly on
