

Senegal Energy Storage Power Station

Overview

The Niakhar Power Station is a proposed 30 MW (40,000 hp) in . The solar farm is under development by Energy Resources Senegal (ERS), a supplier of solar panels and Climate Fund Managers (CFM), an independent fund manager based in South Africa. The plan calls for an attached rated at 15MW/45MWh. Th energy generated here will be sold to (Senelec), for integratio.

Independent power producer, Africa REN, has commissioned a 20MW of solar PV power plant with a 10MW/20MWh battery energy storage system (BESS) in Senegal. Named the Walo Storage project, it marks West Africa's first solar installation with dedicated energy storage for frequency regulation.

Senegal Energy Storage Power Station

With the Launch of Walo Storage, a New Era Begins for Senegal's Energy

Commissioned on July 14, 2025, in Bokhol, Walo Storage is the first solar power facility in West Africa to be coupled with battery energy storage dedicated to frequency ...
