

# **The largest photovoltaic module exported by Austria**

## Overview

---

Austria aims to achieve a 100% renewable electricity production by 2030 with 1,000,000 homes having solar panels fitted by that date. 11 TWh of extra photovoltaics will be needed above 2021 levels.

## The largest photovoltaic module exported by Austria

**LFP12V100**

[Schletter supplies Central Europe's largest Agri-PV project](#)

With a peak output of 164 megawatts, Central Europe's largest PV plant to date has gone into operation in Burgenland, Austria. The project, planned and built by Burgenland ...
