TOGO: an invitation to tender (EPC) for a 25 MWp solar farm with storage

The regional project will harness around 106 MWp of solar photovoltaic energy with battery-based electricity storage systems. It should also enable the expansion of 41 MW of ...

Email Contact

Togo: Solar and battery energy storage plant to ...

A solar PV plant with a battery energy storage system in Togo is set to expand its capacity to provide electricity to thousands more households. At present, the ...

Email Contact

The key equipment of photovoltaic energy storage ...

In a microgrid system composed of multiple energy sources, energy storage converters are the core equipment. Because renewable energy sources such ...

GODE Presents Advanced Solar Energy, Wind Energy and Energy Storage

From June 11 to 15, 2024, GODE, a leading global energy solution provider, attended the 17th (2024) International Solar Photovoltaic and Smart Energy (Shanghai) Conference. GODE not
