

Vanuatu Solar Cell Power System

Overview

Supported by the U.S. Department of Energy's National Renewable Energy Laboratory (NREL) and the Australian Department of Foreign Affairs and Trade, this initiative has launched a transformative \$75 million solar generation and battery storage project in Vanuatu.

Vanuatu Solar Cell Power System

<u>Vanuatu Business Review » The Rooftop</u> Revolution in Vanuatu

The proposal would be for the option of anyone having solar power at their individual homes and also being connected to the power grid network, with any excess power ...
