

Which energy storage company in Jordan exports

Overview

In pursuit of enhancing the security of energy supply, the Jordan Oil Terminals Company (JOTC) was established by MEMR in 2015 as a government-owned entity tasked with managing and operating oil terminals dedicated to storing oil byproducts. What opportunities are there in the energy sector in Jordan?

Energy Technologies: Jordan is exploring energy storage solutions, which may also present opportunities for the U.S. energy sector. Technologies and services related to efficiency gains, including smart metering and grid management, may also find opportunities.

What is going on with electricity in Jordan?

Electrical energy exchange with Egypt has been ongoing, contributing to the stabilization of the Jordanian electrical network. Agreements have been reached to increase the export capacity of the Jericho area, and negotiations for electricity supply contracts to Iraq are in progress.

Is Jordan a potential energy producer?

Jordan has medium- and long-term potential as an energy producer of non-conventional and RE. The following are potential opportunities that are either in process or in the pipeline over the medium term: The \$2.9 billion project will provide 300 million cubic meters of desalinated water from the Gulf of Aqaba to Amman per year.

How can Jordan improve the oil industry?

4-2 Enhance Jordan's role in providing logistics to transport oil and oil byproducts to and from neighboring countries. 5-2 Increase storage capacities for oil byproducts to comply with international standards and improve local logistics. 5-6 Switch from a regulated market to an open market through liberalizing oil byproducts prices.

Why is the energy sector important in the Hashemite Kingdom of Jordan?

The energy sector is one of the most vital sectors in the Hashemite Kingdom of Jordan due to its significant impact on sustainable development. Despite facing considerable challenges, including the lack of local energy sources and heavy reliance on imports, the sector has achieved remarkable accomplishments in recent years.

Can marketing companies import oil byproducts in Jordan?

Notably, by the beginning of May 2018, marketing companies were granted the capability to import all their oil byproduct needs. These measures have contributed to a more dynamic and competitive market, ensuring a reliable and diversified supply of oil byproducts in Jordan.
